SUMMARY

I am a B.Tech Computer Science student with a strong passion for MERN Stack development. Skilled in building scalable web applications, designing APIs, and managing databases. I aim to deliver secure, efficient, and maintainable solutions and am eager to contribute to innovation driven and performance focused web platforms.

EDUCATION

B. Tech in Computer Science & Engineering

S. B. Jain Institute of Technology, Management and Research

📅 2022 - 2026 📍 Yerla, Nagpur

Class 12 (HSC)

Bharti Krishna Vidya Vihar

📅 2020 - 2022 📍 Nagpur

Percentage

71% / 100%

Class 10 (SSC)

Bharti Krishna Vidya Vihar

📅 2020 📍 Nagpur

Percentage

76% / 100%

SKILLS

Technical Skills

HTML, CSS, JavaScript, Node.js, Express.js, React, TailwindCSS, Bootstrap, MongoDB, Git, GitHub.

Beginner

Blockchain, Cryptography basics

Soft Skills

Problem-solving, decision-making, teamwork, adaptability, Critical-thinking skills.

EXPERIENCE

Web Development Intern

Tars Technologies

📅 05/2025 - 06/2025 📍 Nagpur

- Contributed to the development of scalable web applications, enhancing system efficiency and reducing load times by 25%

Freelance Web Developer

Freelance

📅 07/2025 - Present 📍 Remote

Provided freelance web development services to various clients.

- Delivered custom web applications for multiple clients, achieving 95% client satisfaction and meeting all deadlines.

PROJECTS

Decentralized Crowdfunding Platform

📅 12/2024 - Present

A project focused on creating a platform for decentralized fundraising

- Building a decentralized crowdfunding platform using Next.js, ethers.js, and Polygon blockchain
- Implemented campaign creation, donation system, and a unique feedback system

Smart Recipe Generator

📅 03/2025

An AI-powered recipe suggestion application

- Built an AI-powered recipe generator with Node.js and Spoonacular API, delivering personalized recipe suggestions from user ingredients.
- Built an animated and fully responsive UI using Framer Motion and a glassmorphic design style, integrating real-time recipe details through Axios.

KEY ACHIEVEMENTS

Achievements in Hackathons

- Qualified for the 2024 National Smart India Hackathon (Round 1 Qualifier)
- Reached semifinals in the 2025 National Build with India Hackathon

INTERESTS

Open Source & Dapps

Interested in open source projects and engaged in decentralized applications

Blockchain & Security

A strong interest in blockchain technology and security

Frontend, Backend and Databases

End-to-end web development across frontend, backend, and databases.
